## Summary

With over 10 years of experience as a chef in managerial roles, I am now transitioning into software development. Proficient in TypeScript, React, C# and .NET, I bring a meticulous, creative approach to building robust, full-stack applications. Passionate about leveraging my diverse background to drive innovation and solve technical challenges.

## Experience

### Chef De Partie

The Elm Tree Glounthaune

Oct 2023 - Present (11 months)

### Software Developer

Personal Projects

May 2022 - Present (2 years 4 months)

I have been building personal projects with TypeScript and React. For styling, I employ a combination of Tailwind, CSS, and Sass to create responsive designs. When working on full-stack applications, I leverage my skills in both Next.js and .NET with C#, to deliver comprehensive solutions that cover both client and server-side requirements.
